

PAY ATTENTION TO ATTENTION GROUP (INTENSIVE WEEKEND FORMAT)

Parent Meeting May 3rd, 2018, 6-8:00 p.m.

Parent/Student Meetings May 5th & 6th, 1 p.m to 4 p.m.

Jeff Sosne, Ph.D.

This group is designed for elementary aged children with primary weaknesses in “effortful/executive/everyday” attention. Students will learn the importance of giving teachers and tasks their undivided attention. Attention training games will help students improve their ability to sustain attention, sift focus and monitor task activity. Parents will learn how to light up their children’s attention center and work within their child’s attention span. The weekend begins with a Thursday night class for parents-only. Parents from the Beginner’s and Paying Attention to Attention Groups will meet together. Students and parents will then meet on both Saturday and Sunday for group activities. Please note: Children with self-control/attention problems are better served in the Beginner’s AD/HD Group. The cost of the group is \$280. To register visit our website: www.childrensprogram.com or call (503) 548-4844.
